

Support Solar Power in East Timor

@bout Seniors is proudly supporting the Alternative Technology Association in bringing light to East Timor.

Solar Power for East Timor

The International Projects Group (IPG) part of the Alternative Technology Association (ATA) is a group of skilled professionals and volunteers giving their time and expertise to improve the lives of people in Developing Countries. The group has completed the installation of over 40 lighting, refrigeration and power systems in remote areas of East Timor. The systems have been installed in health clinics and a range of other community and public buildings where no regular power supplies were available. More Information can be found at:
<http://www.ata.org.au/about/projects/international-projects>

In 2007 the ATA are planning over a dozen projects including upgrading the power at an orphanage and providing lighting for a number of health clinics and community centers.

Can You Sponsor a project?

ATA projects are implemented due to the kind support of project sponsors. We are seeking sponsors who can provide donations of time, money or equipment. A financial donation small or large can help bring light to East Timor. The following options demonstrate what can be achieved with your donation:

\$100	Basic Lighting for a household through the Village Lighting Scheme
\$1,000	Basic Solar Power for a Community building
\$2,000	Complete Lighting for a health clinic
\$4,000	Complete lighting for a health clinic and sufficient power to run a vaccine fridge and other medical equipment
\$10,000	Complete basic lighting for a village through the Village Lighting Scheme

To Sponsor a project complete this form and return it to the Alternative Technology Association at the address below, or contact Anton Vikstrom (tue-thur), 03 9631 5416, anton@ata.org.au, www.ata.org.au

Name on Card.....

Please indicate if you want your name acknowledged as a supporter in project reporting (all contact details kept confidential)
Yes/No

Please send your form to Level 1, 39 Little Collins Street, Melbourne 3000, T 03 9639 1500, F 03 9639 5814

Thank you for your support

*Tax deductible donations are made to the Renewable Energy Development Fund (REDF). Due to taxation regulations REDF cannot be used for works outside Australia. The International Projects Group is funded by the ATA, volunteers and direct non-deductible donations. The ATA will endeavor to increase funding to the IPG by a similar amount for donations it receives to the REDF
